### **Student Sniff This! Data Sheet**

1. Note the number on the container and record your answers for the corresponding scent on the DATA TABLE.
2. Leave the lid on the container.
3. Round A: Shake the container gently, then take three sniffs. Record your answers for three questions on the data table:

On a scale where 1 = a WEAK smell and 5 = a STRONG smell, rate this smell. Circle only one number.

Does it smell like FOOD or something that is NON-FOOD? Check only one box.

Answer the question: "What does it smell like to you." There is no wrong answer.

4. Round B: This time you will try to have a nose more like an island fox. Use the wet cotton ball to dampen just under your nose on your upper lip. Test the scents again, and record your answers on the line for "round B."

### **DATA TABLE**

		WEAK OR STRONG	FOOD OR	NON-FOOD	What does it smell like to you?
Round A	Scent 1	1 2 3 4 5			
	Scent 2	1 2 3 4 5			
	Scent 3	1 2 3 4 5			
Round B	Scent 1	1 2 3 4 5			
	Scent 2	1 2 3 4 5			
	Scent 3	1 2 3 4 5
